English is the most spoken language in the world (if Chinese is divided into variants)[14] and the third-most spoken native language in the world, after Standard Chinese and Spanish.[15] It is the most widely learned second language and is either the official language or one of the official languages in 59 sovereign states. There are more people who have learned English as a second language than there are native speakers. As of 2005, it was estimated that there were over 2 billion speakers of English.[16] English is the majority native language in the United Kingdom, the United States, Canada, Australia, New
